Camp Neustadt

Attention Instructions/Direction Regarding an Emergency

If an emergency arises in Camp Neustadt, please dial 911.

Note: You have two options.

1. If you are calling from a cell phone, you must ask for **“Provincial 911”**. You should mention that you are calling from camp Neustadt, located north of Gimli.
2. If you are calling from a pay phone, dial 911 and give directions to Camp Neustadt immediately.

Please note: The clearer and more detailed the directions are, the faster the proper response will be.

The following is an example of what might be said on the phone:

1. Describe the emergency.
2. Describe how to get to the emergency situation.

Example: from Gimli travel 10 kilometres north on Highway 222 to Camp Morton Road and turn west, then immediately north again on Highway 222 for approximately 6.5 kilometres to Camp Neustadt road. Turn east on Camp Neustadt Road and travel straight for Lake Winnipeg. Turn right into Camp Neustadt right before the lake

Now explain the layout of the camp in terms of First Street, Second Street, Third Street, Oval Drive and Sesame Street respectively. Then give the exact location of the emergency in the camp.

3. If possible, please meet the emergency vehicles at the entrance to the camp and guide them to the area of concern.
