

- CAMP NEUSTADT - CANNABIS POLICY

Under the current legislation the only place that smoking or vaping of cannabis can occur is within a residence and possibly on the property of the residence. Please consider that Camp Neustadt is not residential and campgrounds have wide discrimination in determining if cannabis should be allowed to be consumed on site or not.

When looking at a Cannabis Use Policy for Camp Neustadt several factors have to be considered. First, Camp Neustadt is a family orientated camp ground. Secondly, camp sites are located close together and campers need to be respectful of their neighbors in their use of Camp Neustadt. As well, the smoking or vaping of cannabis can impact other's enjoyment of Camp Neustadt.

At this time the Board of the GSW has decided to allow the smoking and vaping of cannabis within campers trailers/cabanas. This is done with the provision that if such use becomes a nuisance to other campers then action may be taken.

Where would campers/guests not be allowed to smoke or vape cannabis in Camp Neustadt?

- Outside their respective trailer or cabana, such as a deck or lawn area
- On the streets of Camp Neustadt
- The parks/playgrounds of Camp Neustadt
- The beach of Camp Neustadt
- Inside or around the Beer Tent

Impact on those campers who do not adhere to this policy:

- Those campers or guests that choose not to adhere to the provincial rules and/or the rules of Camp Neustadt may have their privileges at Camp Neustadt reduced up to and including termination of the License to Use.
- As well, Manitoba police agencies are responsible for the enforcement of cannabis use laws and may be called into Camp Neustadt to address violations.
